Dear Bob,

I thought you might be interested to learn that the Hollywood Blvd. property owners (finally) came through on the BID idea and raised the necessary funds to develop the "Vision" document you suggested. We hope to get the study underway very soon.

Thanks again and again for your words of inspiration and wisdom. You have really come through for us. How is Lead Belly's coming along. I anxiously await the opening. Again, Bob, thanks so much for your critical assistance - and your friendship.

With warm regards,

Jackie
